

Item 7.2

**Chief Officer Key Messages**  
**25<sup>th</sup> November 2014**

<b>1. National Update</b>	
	<ul style="list-style-type: none"> <li>• NHS England circulated a document 'Next Steps Towards Primary Care Co-Commissioning'. The paper outlines the vision and aims for co-commissioning, the scope of co-commissioning models and the approval and implementation process. A detailed report outlining the options and considerations will be brought to the Board in December prior to submission to NHSE in January 2015.</li> <li>• The National Information Board has launched plans to improve health through digital technology – "Personalised Health and Care 2020: a framework for action". The plans set out how technology should work better for patients by 2020 through a range of advancements including online access by patients to their GP record.</li> <li>• Member of the Health Service Journal Judging Panel.</li> <li>• Attended the 2 day Health Service Journal Annual Policy Summit.</li> <li>• Attendance at the Kings Fund Annual Conference.</li> </ul>
<b>2. Regional</b>	
	<ul style="list-style-type: none"> <li>• Business meeting of the Association of GM CCGs. Notes of the meeting not yet received.</li> </ul>
<b>3. Local</b>	
	<ul style="list-style-type: none"> <li>• The Board underwent a second half day Effectiveness Framework Development Session, focusing on Clinical Leadership.</li> <li>• A local health economy public sector reform event hosted by Wigan Council took place with good attendance from all public sector partners. The session focused on key areas for improving integration across the whole of the sector.</li> <li>• Met with the Chief Executive, Medical Director and Senior Managers from the hospice.</li> </ul>
